Seeking a position as...**SENIOR INTEGRATIONS LEAD**

IMPLEMENTATION PROJECT MANAGEMENT ~ CLIENT-FACING RELATIONSHIPS

Strategic consultant and technical visionary with 10+ years stewarding the implementation of **enterprise-wide Information Technology (IT) upgrades, Benefits HCM programs, and process re-engineering**. Motivated by a deep commitment to quality, collaboration, customer success, and the achievement of strong results. Drives effectiveness, efficiency, and productivity across \$3+M client deployments. Agile and able to “think quick on my feet” while executing competing priorities. Embodies integrity and trustworthiness and the ability to coach and inspire others to achieve their best work.

Key Qualifications

- Led HCM benefits implementation life-cycle for clients with 100,000 employees
- Well-versed in Benergy, Enrollment System, NetSuite, TFS, Dayforce (Ceridian), SQL, HRIS, Oracle
- Benefits System Thought Leader/Dayforce Certified
- PeopleSoft HCM Client Engagements
- ADP Systems (HRB, Siebel Platforms) SharePoint
- Critical Thinker, Compelling & Influential Communicator
- Reducing Complexity and Cost, Improving Outcomes

PROFESSIONAL HIGHLIGHTS

Ceridian Dayforce, 2015 – Present

SENIOR IMPLEMENTATION CONSULTANT, ENTERPRISE

- Orchestrates optimal IT solutions by leading all implementation planning, discovery, logical design, and deployment of HCM Dayforce benefits modules for \$3+M client accounts spanning 5,000+ employees.
- Project-manages 100% of all go-live timelines set by contractual agreements.
- Maps business needs with technical specifications, operating as a bridge between client’s and core development teams for QA, integration and UAT testing, training, and full deployment.
- Built a “Task Management” tool as a quick reference for identifying when interdependencies are a "show-stopper" to ensure seamless configurations for payroll mappings and payroll integration tool, and PPACA.
- Cut 50% off NetSuite trouble tickets through process improvement initiatives.
- Nominated for “Service Our Way” award 3Xs out of 773 staff for exemplary leadership and innovation.
- Thinks strategically, simultaneously managing projects as well as providing leadership, coaching and mentoring to less experienced implementation consultants.
- Maximizes ROI of offerings by harnessing strong benefits administration expertise and a highly-customer-centric approach to communicate inefficiencies and drawbacks to ensure continuous improvement.
- Balances a “big picture outlook” with the nuances of the solutions to bring to bear workarounds and budget-friendly alternative solutions that result in cost-effective, operationally efficient systems for clients.

HCL-Axon, 2014 – 2015

SENIOR HCM CONSULTANT

- Bridged creative solutions with systems and best practices to deliver strategic team guidance as the benefits subject matter expert (SME) on crucial HCM team.
- In just 90 days; salvaged a “Top-Tier” “at-risk” client relationship by setting expectations and restoring trust in the brand; brought this vulnerable account to a successful go-live status.
- Analyzed client requirements and system capabilities; created gap analyses and developed system and software configurations worth \$200K to meet client requirements.
- Launched configuration efforts for benefits plans, options, eligibility, full-spectrum enrollments, and payroll mapping processes while importing external benefit election files.
- Professionally guided junior consultants, increasing personnel knowledge and resulting in promotion of high-performing individual to management role.
- Trained international colleagues in implementation processes, overcoming language and cultural barriers while delivering effective training on specialized HCM implementation strategies.

PricewaterhouseCoopers, 2013 – 2014

BENEFITS IMPLEMENTATION CONSULTANT

- Recruited by firm for benefits expertise and quickly became the “go-to” team member for Dayforce system analysis and issue identification prior to production efforts.
- Conducted internal and external user acceptance training to strengthen user capabilities and enhance integration efforts.
- Deployed customized system solutions for HCM programs that met clients’ unique and specialized needs.
- Key strategist on corporate efforts in new business conversion processes including process design, timeline creation, procedure development, and conversion audits.

EBIX, Inc., 2012 – 2013

IMPLEMENTATION PROJECT MANAGER

- Reduced project cycle time 40% by leading strategic project efforts including enrollment portal design, streamlining client communication, and resolving client issues at all stages of the implementation process.
- Managed all aspects of strategic accounts that leveraged HCM systems to manage clients’ portals that supported up to 100,000 employee profiles.
- Collaborated with team members on system implementations and improvements.
- Leveraged Microsoft Application Lifecycle Management TFS to identify system issues, develop enhancement suggestions, and conduct testing of new products and enhancements prior to release.

ADP, 2011 – 2012

SOLUTION CENTER CONSULTANT II (NATIONAL ACCOUNTS)

- Delivered direct services to clients within organization’s COBRA and FSA segment, achieving 100% client retention.
- Analyzed HCM offerings and developed client solutions to meet complex usage issues including direct billing, COBRA, FSA, and Commuter Benefit Services.

CIGNA, 2008 – 2011

IMPLEMENTATION MANAGER

- Delivered 100% of project milestones for large/national group cases boasting 500-3,000 lives, leveraging PeopleSoft/Oracle platform to implement solutions with a high ROI.
 - ✓ Lowered cycle time of installations for small group cases (<250) to 10 to 15 business days against a cycle time of 30 to 90 days.
 - ✓ Held a 90% to 100% quality rating.
 - ✓ Won “Cigna Champion” awards from 2008 to 2011 for peer-to-peer knowledge sharing, solutions insight, and internal community building.
