

Curriculum Vitae

Jyoti Nehra is an oncology research professional with broad range of experience ranging from medical practice, academia and clinical research demonstrated agility to work efficiently across various work environments. Jyoti has experience in phase I and II clinical trials, bioequivalence studies, therapeutic drug monitoring and clinical research methodologies in oncology. Having worked in the department of clinical pharmacology for 6 years, she got exposure to the entire range of activities related to drug development including optimizing the dose of drugs through PK/PD modeling, safety, efficacy, and pharmacokinetic evaluation of drugs. She has demonstrated application of Good Clinical Practices and applicable standard operating procedures in managing clinical research data.

Work History

Title	Clinical Research Scientist
Company/Location	PRA Health Sciences formerly ReSearch Pharmaceutical Services (RPS), Blue Bell, Pennsylvania, UNITED STATES
Dates	Sep 2020 - Present 4 mos
Responsibilities	Accountable for clinical/scientific execution of the protocol. Leads the Medical Monitoring (MM) team in performing MM activities, including development of the Medical Monitoring Plan (MMP) and review of SAE reports Clinical point of contact for scientific issues/questions for internal and external stakeholders (e.g., IRB, sites) Authors protocol clarification letters Responsible for trial design and endpoint development in collaboration with Clinical Director Protocols/amendments – collaborates with medical writer (MW), participates in governance committee review Sets up/supports SAC, DMC, adjudication committees Reviews/updates informed consent Provides scientific input to Study Manager (SM) for data management activities (e.g., EDC, DRP, CRFs) Contributor to study specific documents (e.g., SMP) Monitors data issues requiring clinical input Monitors central lab reports and other external data for safety and critical values Prepares scientific slides, attends and presents protocol information at Investigator Meeting Coordinates planning of lab, bio specimens and imaging specifications Reconciles and review all protocol deviation classifications in SPECTRUM Supports Study Manager/Medical Writer activities as needed to achieve CTT deliverables. Assesses and prepares protocol deviation list for Case Study Report Reconciles and review all protocol deviation classifications in SPECTRUM Reviews patient data in J review Provides clinical specifications to SM to support interactions with external vendors (e.g., IVRS, ePRO) Participates in Database lock activities Supports publications/presentations as needed
Title	Medical Research Fellow
Company/Location	CANADIAN CANCER TRIALS GROUP, Queen's University, Kingston, Ontario, CANADA
Dates	Oct 2018 - Sep 2019 1 year
Responsibilities	Patient data review, safety and efficacy assessment Oversight of Phase I, II trials conduct under Investigational New drug (IND) program Protocol and CRF development Participated in transdisciplinary coursework / practicums offered in the Institute- controlled clinical trial, principles of drug discovery and development, basic statistics for epidemiologists. Summer Internship at AstraZeneca Canada, Mississauga (Ontario)- medical affairs department functions within pharmaceutical company –focus on lung, hematology, genitourinary, women's cancer and immune-oncology Attended formal and informal meetings related to CCTG activities within the central office and with investigators Protocol deviations, amendments Manuscript writing Worked with Pharmacovigilance team on continuous process improvements in the field of safety surveillance, SOPs, guidance documents, templates

Curriculum Vitae

Accomplishments	Monitored study progress, ensured accurate study conduct and adherence to the protocol, led data review, evaluation, and analyses with support from Data Management and Stats & Programming team. Assisted clinical sites with Institutional Review Board (IRB) / Independent Ethics Committee (IEC) submissions Participated in design, conduct, monitoring, data interpretation and reporting of individual clinical trials Chair and Speaker in a joint symposium with IATDMCT YSC in the 36th Annual Meeting for The Japanese Society of Therapeutic Drug Monitoring (JSTDM) (25th 26/5/2019, Tokyo) Speaker at 1st CHINATDM-IATDMCT Young Scientist Joint Symposium- "International Perspectives on Individualized Precision Medicine" 9th International Xiangya Clinical Pharmacy Forum, Changsha, China
Title Company/Location	Oncotherapeutics Fellow ADVANCED CENTRE FOR TREATMENT, RESEARCH AND EDUCATION IN CANCER (ACTREC) - TATA, Kharghar, Navi Mumbai, Maharashtra, INDIA
Dates	Sep 2017 - Sep 2018 1 yr
Responsibilities	Managed the in-house BA/BE team, IEC communication. Monitored clinical trial progress including, but not limited to, tracking of AEs, SAE and patient eligibility assessment, patient data review, reviewing labs and imaging, ICF review, maintaining cold storage and IP accountability logs, efficacy and safety assessment Ensured preparedness for the internal and external auditing. Led regulatory phase 1 studies, bioequivalence /biosimilar studies, and pharmacokinetic, pharmacogenetic studies in capacity of Sub/Co-Investigator Established Clinical Operations Department by creating SOPs, templates, and work flows. Conducted academic sessions on concepts in clinical pharmacology and research methodology for pharmacy and clinical research graduates. Implemented Therapeutic Drug Monitoring Program in Oncology Provided safety content review of clinical protocols, CSRs and ICFs. Faced a 5 days US-FDA Inspection (Bioequivalence Research Monitoring; BIMO) for a bioequivalence trial in prostate cancer in March 2018 Led safety strategy for multiple or complex periodic regulatory documents -PSURs, DSURs Performed advanced data analyses including population pharmacokinetics, clinical trial simulation and disease modeling Led the clinical trials implementation team and had oversight of clinical trial CROs
Accomplishments	Awarded Dr. Sonal Vora Award for Best Woman Presenter Received scholarship for 2018 Australia and Asia Pacific Clinical Oncology Research Development (ACORD) Workshop from National Cancer Institute (NCI), USA Awarded Dr. U.K. Seth Award as first prize for Oral presentation Awarded Venus International Healthcare awards 2018- Young Researcher in Pharmacology Co-authored a chapter " Clinical Pharmacology in Oncology" in TMC textbook of Oncology. Faced a 5 days US-FDA Inspection (Bioequivalence Research Monitoring; BIMO) for a bioequivalence trial in prostate cancer in March 2018 Implemented Therapeutic drug monitoring (TDM) program in hospital setting for anticancer and antimicrobial drugs Got Selected for Novartis International BioCamp 2018 Established Clinical Operations Department by creating SOPs, templates, and work flows.
Title Company/Location	Senior Resident Pt. B.D.Sharma Post Graduate Institute of Medical Sciences, Rohtak, Haryana, INDIA
Dates	Sep 2016 - Sep 2017 1 year
Responsibilities	Supervised Pharmacovigilance activities of the adverse drug monitoring centre (AMC) under Pharmacovigilance program of India (PvPI) Protocol writing and manuscript writing Literature review and safety case report writing Provided input into ICSRs, PSUR, SAR. Assessed, reviewed, and evaluated student training activities and progress Designed, planned and conducted controlled experiments and/or clinical trials to improve understanding of a drug's activity

Curriculum Vitae

Accomplishments

Attended scientific meetings and conferences to present posters, give talks and listen to presentations from other pharmacologists and key opinion leaders
Ethical principles of animal and human experimentation, ethical clearance procedures, consent forms and information sheets, publication ethics
Performed a number of service activities e.g. therapeutic drug monitoring, pharmacovigilance, pharmacoconomics and pharmacoepidemiology
Performed various teaching and training activities for undergraduate and post-graduate medical students and others with a sound understanding of the modern tools of teaching technology.
Performed commonly employed experiments and clinical techniques in Pharmacology and drug research

Dr. A.D. Joseph Award for Best Presenter
Co-Authored a Chapter- 'Meglitinides' in a book "Sadikot's textbook of Diabetes"
Supervised Pharmacovigilance activities of the adverse drug monitoring centre (AMC) under Pharmacovigilance program of India (PvPI)

Education

- **Doctorate, MBBS, Mar 2012**
Sikkim Manipal Institute of Medical Sciences, Gangtok, Sikkim, INDIA
- **Doctorate, MD, Clinical Pharmacology, Aug 2016**
Pt.B.D. Sharma PGIMS, Rohtak, Haryana, INDIA
- **Doctorate, DNB Clinical Pharmacology, Sep 2018**
National Board of Education, New Delhi, Delhi, INDIA

Licenses

- **Certified Physician**, Delhi Medical Council, INDIA
Acquired Date: Feb 2013
Expiration Date: Jan 2023

Certificates

- **Protocol Development**, Medical oncology Group of Australia, AUSTRALIA
Acquired Date: Sep 2020
Expiration Date:
- **Certified Clinical Research Professional (CCRP)**, Queen's University, CANADA
Acquired Date: Aug 2019
Expiration Date:
- **Medical education credential assessment**, Medical Council of Canada, CANADA
Acquired Date: Dec 2018
Expiration Date:

Book & Book Chapter

- **Clinical Pharmacology in Oncology**, Nehra J, Gota V, Krishnamoorthy M, Patil A, Mehta P, Tata Memorial Center Textbook of Oncology, 2019
 - **‘Meglitinides’**, Nehra J, Gupta M.C, “Sadikot’s International textbook of Diabetes”, 2018
-

Posters

- **Drug advertisements in Medical Journals: a critical assessment**, Nehra J, Gupta H, Verma S, APPICON, Puducherry, 2017
- **Comparison of myo- inositol versus metformin on anthropometric parameters in polycystic ovarian syndrome in women.**, Nehra J, Kaushal J, Singhal S, Gahlaut V, IPSCON, PGIMER, Chandigarh, 2016
- **A comparative study of myo-inositol versus metformin on quality of life in polycystic ovarian syndrome in women**, Nehra J, Kaushal J, Singhal S, Gahlaut V, 4th International conference of Pharmacoeconomics & outcomes research ISPOR at DSPAR-U, New Delhi, 2015
- **‘Knowledge and awareness about Emergency Contraceptives among Post Graduate Medical Students’**, Nehra J, ISRPTCON 2014 JIPMER Puducherry, 2014

Presentations

- **Is Sunitinib a good candidate for Therapeutic Drug Monitoring : A prospective study in patients with metastatic renal cell cancer**, Nehra J., SAC- ACCP Conference, Mumbai, 2018
- **Voriconazole for treatment of invasive fungal infection in paediatric patients: Is there need for a more frequent dosing strategy? Paper Number**, Nehra J, 6th International Congress of Therapeutic Drug Monitoring & Clinical Toxicology 2018 Congress, Brisbane, Australia, 2018
- **‘Strategy for therapeutic drug monitoring (TDM) and its implications on response and tolerability of Sunitinib in patients with metastatic renal cell carcinoma’**, Nehra J, IPSCON 2017 at SVKM’s NMIMS, Mumbai., 2017

Publications

- **A Canadian Cancer Trials Group phase IB study of durvalumab (anti-PD-L1) plus tremelimumab (anti-CTLA-4) given concurrently or sequentially in patients with advanced, incurable solid malignancies**, J. Nehra, P. A. Bradbury, P. M. Ellis, J. Laskin, Kollmannsberger, D. Hao, R. A. Juergens, G. Goss, P. Wheatley-Price, S. J. Hotte, K. Gelmon, A. V. Tinker, P. Brown-Walker, I. Gauthier, D. Tu , X. Song,, Nehra J, 2020. Invest New Drugs (2020) 38:1442–1447, 2020
- **DRUG ADVERTISEMENTS IN MEDICAL JOURNALS: AN APPRAISAL**, Gupta H , Nehra J, Verma S., WORLD JOURNAL OF PHARMACY AND PHARMACEUTICAL SCIENCES. . 2018Vol 7, Issue 12., 2018
- **Comparison of myo-inositol versus metformin on anthropometric parameters in polycystic ovarian syndrome in women.**, Nehra J, Kaushal J, Singhal S, Gahlaut V., Nehra J. 2017. International Journal of Pharmacy and Pharmaceutical Sciences. 2017;8(4): 144-8., 2017
- **A comparative study of myo-inositol versus metformin on biochemical profile in polycystic ovarian syndrome in women.**, Nehra J, Kaushal J, Singhal SR, Gahlaut VS, IJPSR. 2017; 8(4):1664-70., 2017
- **Comparison of Effect of Red Clover & Conjugated Estrogen on Menopausal Symptoms and Their Impact on Quality of Life In Postmenopausal Women.**, Kaushal J, Sangwan P, Nehra J, Chauhan MB, Singhal SR, World Journal of Pharmaceutical Research. 2017;6(4):1095- 108., 2017

Curriculum Vitae

- **“A comparative study of efficacy and safety of myo- inositol versus metformin in polycystic ovarian syndrome in women.,** Nehra J, Kaushal J, Singhal S, Gahlaut V., World Journal of Pharmacy & Pharmaceutical Sciences. 2016;5(5):884-96., 2016
- **Combating MRSA- Novel approaches & therapeutic advances.,** Nehra J, Kaushal J., European Journal of Biomedical and Pharmaceutical Sciences. 2016;3(10):186-96., 2016
- **Effect of Myo-inositol versus Metformin on quality of life in polycystic ovarian syndrome in women.,** Nehra J, Kaushal J, Singhal SR, Gahlaut VS., European Journal of Pharmaceutical & Medical research. 2016;3(11):346-51., 2016
