PROFILE

Who: Analytical Gap-Finder with 15 Years in Management, Research, and Public Speaking

What: Mathematical & Economic Modeling; Linguistic and Demographic Data Analysis; Strategic Insights

Why: 21st Century Literacy Demands More Than Reading; We Need Reasoning

PRIMARY EMPLOYMENT HISTORY

Senior Data Analyst AFLAC Claims Analytics Dec. 2020-Present

- *President: Columbus Data Science Association-* Grew membership and sponsors during COVID-19 triggered remote sessions; arranged speakers from Insight, CDC, Auburn University, et al.
- Group Claims Modeling Developer
- Claims Fraud Anomaly Detection via Time Series Analysis and Natural Language Processing

Data Science Analyst II AFLAC Sales Analytics July 2019-Oct.2020

- Developed Predictive Model Enhancing Sales Contests ROI and Design (\$3.2M savings)
- Discovered Leading Macroeconomic Indicators for Sales Metrics
- Led Agent Churn Modeling Development to Identify Salesforce Attrition

Founder; Chief Analytics Consultant Quintessence Research & Consulting LLC July 2017-Feb 2021

- Voter database analysis and strategic demographic reporting
- GIS-canvassing integration for local, municipal, Senate, and Congressional campaigns
- Conference Talks on Computational Social Choice; Political Consulting; Sentiment Analysis

Teacher; Coach Brookstone School 2013-2017

- Initiated first Vector Calculus course in the Chattahoochee Valley
- Pioneered first documented Game Theory course among high schools nationwide
- Outreach via Brookstone Magazine articles, keynote addresses, and marketing workshops

Scientific Employee; Instructor; Supervisor Univ. of Tübingen 2009–2013; Indiana Univ. 2005–2009

- Awarded grants from NSF, German Govt.(DAAD), and FoLLi for research and teaching.
- *Excellence Initiative:* Keynote speaker and copy editor
- Accorded Rothrock Teaching Award and Stipend

PRIMARY EDUCATION

University of Tübingen Tübingen, Germany
Ph.D. Linguistics(Adv. Prof. Gerhard Jäger), Spring 2021 (expected)

Indiana University Bloomington, IN USA
M.A. Computational Linguistics, May 2009
M.A. Mathematics, May 2007

University of Georgia Athens, GA USA
B.S. Mathematics (Honors Program, Cum Laude); Minor in Latin, May 2003

TECHNICAL
PROFICIENCIES

Software and Programming

- *Data Analysis*: Python (Anaconda) via Jupyter, Pandas, SciKit-Learn, NLTK, etc.
- *Data Mining*: SQL Server Management Studio, Teradata, Web-Scraping
- *Data Visualization*: Seaborn, Plotly, Matplotlib, Tableau
- *Productivity Suites*: $\text{\LaTeX}$, MS Office (Excel, Powerpoint, etc.)

Languages

- *German*: Advanced Reading and Speaking Knowledge
- *Latin*: Advanced Reading Knowledge
- *French & Spanish*: Basic Reading and Speaking Knowledge

SELECTED
PROJECTS

State-Level Market Contest Deep Dive: *Assessing ROI and Contest Design* (AFLAC Sales Analytics)

- Developed predictive models for state-by-state and week-by-week breakouts of KPIs (None previously existed for this granularity)
- Delivered Optimal ROI Contest Structure Presentation to VP and Sales Operations Director
- Adapted Machine Learning results to strategy:
If a Machine Can Predict It, Does Management Need to Promote It?
- Predicted savings on recommendations: \$3.2M on \$28M budget.

The Mathematics of Manners: *Game-Theoretic Models of Trust and Politeness*(Ph.D Thesis)

- Unified studies on linguistic cooperation with mathematical models of trust games.
- Coined novel decision heuristics reflecting findings in behavioral economics.
- Cross-validated regression models on theoretical results via Python & T-SQL

SLaNG: *SocioLinguistics and Network Games* (Course and Research Initiative)

- Co-developed and organized workshop for international conference (ESSLLI).
- Consulted as SLaNG became popular elective course.
- Designed and implemented travel itineraries & budgets for
 - a) Seven-Week; 13,000 Mile and
 - b) Nine-Week; 8,000 Mile Conference Tours
- Multiple publications and conference talks to academic, military, and business audiences.

Sentiment Analysis: *Customer Service Database Annotation* (Darmstadt & Indiana Univ.)

- Annotator for *gold standard* machine learning database.
- Traveled to Darmstadt to consult on implementing best practices in training manual.

OTHER HONORS,
CERTIFICATIONS, AND
ACTIVITIES

University of Georgia

- Charter Scholarship; HOPE Scholarship (1999-2003)
- Corps of Engineers' Scholarship; Papa John's Scholarship (1999)
- *Team Captain*: UGA Wrestling (1999–2003)
- *Team Member*: UGA Football (2001)
