I am a person with broad horizons, able to combine analytics with synthesis. After 12 years of working in leading consulting companies, I quickly learn new things, identify opportunities and threats, and design solutions. 8 years of work in business have taught me how to implement and operationalize what I designed.

PROFESSIONAL EXPERIENCE

2012 -

CANAL+ Polska (DTH operator, over 2m Subscribers), Warsaw, Poland

01.2020 – 02.2021: Strategic Planning & Projects Portfolio Manager

10.2018 – 12.2019: Strategic Project Manager

03.2017 – 09.2018: Program Director

04.2014 – 02.2017: Product & Pricing Director

03.2013 – 03.2014: Head of Commercial & Corporate Project Office

12.2012 – 03.2013: IT and PMO Director

As **Strategic Planning & Project Portfolio Manager** in Transformation & Strategic Projects Department, I am responsible for:

- Corporate Strategy operationalization co-planning with Management Board,
- Management of Projects Portfolio aimed at delivery of Strategy targets,

Projects Portfolio investment value increased by 24% in 2021 budget, while effects will generate over 40% benefits more.

As **Strategic Projects Manager** in Transformation & Strategic Projects Department, I was responsible for development of strategic projects roadmap. The most important tasks included:

- Corporate Strategy co-development with Management Board,
- Strategic projects roadmap development,
- Yearly projects roadmap definition and supervision,
- Leading of selected key projects.

Over 15 strategic projects, contributing to POWER to GROW strategy, was included to the roadmap.

As **Program Director**, I was responsible for setup, launch and overview of cross-company Programs:

- Introduction of own OTT service (CANAL+ Telewizja przez Internet)
- Implementation of content offer in cooperation with existing Polish OTT provider (PLAYER+)
- Implementation of common bundle offers with telco strategic partner (ORANGE).

As **Product & Pricing Director**, I was responsible for:

- New products and offers planning and implementation,
- Pricing policy development,
- Subscribers base value increase in co-operation with Sales and CRM Departments.

Subscription revenues increased, despite shrinking DTH market (ARPU +1,8% CAGR 2014-17),

Repackaging and repricing of CANAL+ channels offer for 1m of Subscribers, without impact on churn,

Reduction of available offers portfolio by 59%.

As **Head of Commercial & Corporate Project Office** I was responsible for supervising technological projects, with significant focus on new product development process. The most important tasks included:

- Integration of key processes after merger of Cyfra+ and N (Polish DTH operators),
- Simplification of projects portfolio,
- Implementation of new products and offers,

Reduction of least important or redundant projects by 60%.

As **IT Director** of N (Polish DTH operator), I was responsible for managing of day-by-day IT operations during merge with Cyfra+ (Polish DTH operator), co-development of 2013 budget for over 100 employees of combined Technology team.
