

## Strategy and Operations Leader

*Leader in identifying growth opportunities, optimizing operations, and driving end-to-end project management.*

### BUSINESS OPERATIONS | PROGRAM MANAGEMENT | SALES OPERATIONS

*Over 12 years of experience in strategy and operations with a background in program management, strategic growth, sales operations, pricing, and finance. Skilled in leading strategy and execution for cross-functional initiatives, driving process improvements, building process frameworks, and managing strategic planning.*

**Technical Skills:** Excel, G-Suite, Salesforce, SQL, Tableau, Asana, Jira

## EXPERIENCE

**GRUBHUB**, Chicago, IL

2018 – 2023

### Senior Program Manager, Portfolio Management Office (2021 – 2023)

*Led and scaled team of four program managers for high impact cross-functional initiatives, including SaaS product launches and new partnerships. Team executed ~15 programs annually with ~\$30M in impact that expanded customer base and increased product offering.*

#### Team Leadership

- Supported program managers with defining program scope, developing project plans, and effectively managing implementation risks, dependencies, and escalations in order to achieve successful program execution.
- Created documentation and streamlined processes, including program execution templates, product operations processes, and stakeholder communication best practices to scale program management at Grubhub.
- Established and monitored performance metrics for the PMO organization and reported findings monthly to senior leadership team. Reported results enabled informed decision-making and enhanced accountability.
- Presented process improvement recommendations of newly launched programs to senior leadership based on analysis across financial performance and post-launch operations.
- Ran monthly strategic planning sessions for Care, Fraud, and Logistics teams that improved tracking of projected versus actual benefits realization, identified gaps in hitting company goals, and assessed initiative prioritization.

#### Program Management

- Partnered with senior leaders of product and growth teams to design and execute product strategy for launching Convenience vertical; grew vertical to 3% of overall orders.
- Collaborated with direct report and cross-functional team to develop a new driver shop and pay business model that was used to launch a Rite Aid partnership and added \$4M annually in incremental revenue.
- Directed nationwide rollout of an on-time delivery guarantee, which entailed a multi-channel marketing campaign, a new customer refund flow, and a revamped customer service workflow.

### Program Manager, Restaurant Network (2018 – 2021)

*Reported to COO and ran key strategic initiatives including releasing new product features, launching new business verticals, and enacting operational enhancements.*

- Developed and executed roll out strategy for adding alcohol to the platform, which included launching an alcohol carding feature, operationalizing federal and state legal requirements, and building out the sales process. Alcohol generated \$6M annually in incremental revenue.
- Designed and implemented go-to-market strategy for non-contracted restaurants, increasing overall restaurant supply by 30%.
- Headed cross-functional team to decrease customer refunds by ~\$8MM annually by identifying product, fraud, and logistics opportunities, testing impact, and implementing solutions.
- Built out the restaurant operations team by devising the team's mission and goals and designing process frameworks for resolving restaurant issues. The team reduced order cancellations by 5% YOY.

**SUNRUN**, Brooklyn, NY

2015 – 2018

**Senior Manager, Market Growth** (2018)

*Managed strategic growth and operational efficiency opportunities for a residential solar panel company.*

- Collaborated with sales leadership to identify and implement growth opportunities, including market expansion and product enhancements in order to hit quarterly and annual sales forecasts; East Coast sales grew from 10% to over 50% of overall company's sales while supporting sales team.
- Orchestrated go-to-market strategy and software integration for low-income program in Connecticut that increased sales in the state by 10% and became a framework for low-income programs in other states.
- Decreased operating costs in South Carolina by 15% by evaluating in-house vs. partner building costs and establishing build prioritization process.

**Manager, Market Growth** (2016 – 2018)

*Oversaw the East Coast region's day-to-day sales operations, go-to-market strategies, revenue growth opportunities, and operational improvements.*

- Redesigned retail staffing model for Sunrun's largest lead channel, which led to a 12% increase in sales conversion.
- Identified and executed sales pipeline process improvements by gathering and analyzing data, managing cross-functional collaboration meetings, and leading implementation.
- Formulated market-specific business strategies that evaluated Sunrun's market and product position and detailed initiatives to pursue.

**Manager, Pricing** (2015 – 2016)

*Owned the East Coast region's pricing strategy. Set pricing for four product offerings across 30 utilities in 10 states.*

- Streamlined company pricing model to improve usability. Decreased run time from minutes to seconds.
- Formed pricing framework for prepaid product that increased product competitiveness and lifted sales volume.

**GE ENERGY FINANCIAL SERVICES**, Stamford, CT

2010 – 2013

**Analyst, Rotational Program**

*Performed financial modeling, risk assessment, and portfolio management for debt and equity investments in energy infrastructure projects.*

- Co-managed \$80M of domestic and international investments. Monitored performance and enacted revenue improvements and cost reductions.
- Built financial models, prepared credit memos, and performed financial due diligence for underwriting credit facilities.
- Oversaw expedited credit approval process for \$1B portfolio acquisition of 36 loans by setting and managing deliverables timeline and resolving open issues with seller's advisor. Investment was the largest 2011 GE Capital portfolio acquisition.

**IPG MEDIABRANDS**, New York, NY

2008 – 2010

**Assistant, Global Client Finance**

*Supported Global Client Finance team in managing and growing media and marketing spend of core client accounts.*

- Analyzed media buying behavior of existing clients to determine potential new service offerings.
- Prepared summary profiles with financial performance, operational initiatives, and brand positioning to evaluate clients' advertising needs. Findings were used by account management team to prepare for client meetings.
