WORKING EXPERIENCE

- Date From May 2023 to present
 - Name and address of employer Avangrid Power (f/k/a Avangrid Renewables), 125 High Street, Boston, MA 02110
 - Type of company or industry Renewable Energy focused on wind (onshore and offshore) and solar developments in the United States
 - Type of employment Full time, Director Offshore Controller/CFO of Vineyard Wind offshore wind project
 - Main activities and responsibilities
 - I was hired by Avangrid Power to be the CFO of the first US Offshore Wind Project, Vineyard Wind 1. Vineyard Wind 1 is a 800MW, 62 turbines, wind farm constructed off of Martha's Vineyard and it will be the first utility scale wind farm in the US once fully constructed. As CFO of Vineyard Wind 1, my responsibilities encompassed:
 - Preparation of annual financial statements and quarterly financial reporting to banks and other stakeholders.
 - Management of the AP process with approval and payment of accounts payable
 - Preparation of technical accounting memos to support accounting treatment of out of the ordinary transactions.
 - Continuous assessment of internal control environment and design/implementation of new controls as needed.
 - Worked on the renegotiation of tax equity deal and construction loan facilities with a syndicate encompassing more than 20 national and international banks.
 - Worked on US GAAP and IFRS accounting treatments.
 - Preparation of annual budget and annual/monthly cash forecast.
 - Coaching and development of accounting, AP and Treasury team.
 - Working/coordinating with auditor to obtain annual audit opinion.
 - Executive Committee and Board presentations.
-
- Date From May 2022 to April 2023
 - Name and address of employer Vanguard Renewables Holdings, LLC, 133 Boston Post Road, Building 15 Weston, MA 02493, USA
 - Type of company or industry Renewable Energy producer focused on the production of renewable natural gas through the construction of anaerobic digesters that use a unique blend of organic waste and cow manure to produce methane, internet website: www.vanguardrenewables.com

- Type of employment Full time, Senior Director and Corporate Controller
- Main activities and responsibilities
 - Reporting directly to the Chief Financial Officer, I am responsible for:
 - 1) The monthly and annual close process ensuring accurate and timely reporting of results by establishing controls, processes and creating an efficient reporting package to top management
 - 2) Financial reporting, by preparing monthly and annual financial statements in accordance with US GAAP. The preparation of the annual financial statements includes the preparation of the notes to the consolidated financial statements
 - 3) Day-by-day general ledger accounting for the entire group
 - 4) Maintaining an accurate and complete fixed asset ledger in accordance with US GAAP and ensuring correct application of lease accounting under ASC 842
 - 5) Adoption of new US GAAP guidance
 - 6) Preparation and review of technical accounting memos as unusual and significant transactions occur, including business combinations
 - 7) Tax accounting and coordination with tax consultants
 - 8) Audit support for the annual audit of consolidated financial statements
 - 9) Designing, implementing and running effective and efficient processes and controls within the financial reporting cycle with a “heavy hand” on the design and implementation of processes and controls for the other cycles of the Company (e.g., order-to-cash, procure-to-pay, hire-to-terminate, investment-fixed asset)
 - 10) Identifying and implementing new processes and controls to increase the effectiveness and efficiency of the financial reporting cycle/continuous re-evaluation of the control environment seeking increased efficiency
 - 11) Implementation of a Oracle Fusion ERP for GL, AR, and AP in a record 2 months
 - 12) Managing a team of 3 individuals: 1 manager and 2 senior accountants with a close collaboration/direction of the shared service center (5 additional individuals including 1 senior manager)
- Date From April 2021 to May 2022
- Name and address of employer WIN Waste Innovations Inc. (fka Wheelabrator Technologies), 90 Arboretum Drive, Suite 300, Newington, NH 03901, USA
- Type of company or industry Waste management/Power generation (renewable energy), internet website: www.win-waste.com
- Type of employment Full time, Senior Director and Assistant Controller

- Main activities and responsibilities
 - 1) Oversee the monthly closing and reporting process, as well as manage the audit progression in a timely manner
 - 2) Proactively initiate and drive efficiency programs designed to add value by increasing team capacity, integrity to the financial statements and/or drive down 3rd party fees
 - 3) Develop new accounting policies and procedures as the organization continues to grow
 - 4) Manage monthly, quarterly, and annual consolidated reporting process, ensuring timely and accurate results
 - 5) Monitor and analyze monthly operating results against trend, forecast and budget
 - 6) Responsible for applying accounting principles and procedures to analyze financial information, support the preparation of accurate and timely financial reports and statements, and ensure appropriate accounting control procedures
 - 7) Serve as a technical accounting expert for US GAAP related accounting matters; able to understand business issues and apply appropriate accounting judgement to enable sound accounting conclusions
 - 8) Responsible for controls implementation and compliance; liaison with Internal Audit team
 - 9) Manage the development, implementation, and interpretation of goals, policies, and procedures relating to accounting and reporting
 - 10) Support accounting related systems implementations
 - 11) Oversee all other daily operations of the accounting department
 - 12) Manage integration of accounting from acquired organizations
 - 13) Manage the talent of the accounting organization
 - 14) Manage a team of 20 individuals, including Corporate Accounting (fixed asset, payroll, debt and derivative accounting)
 - 15) Responsible at interim of the Accounts Receivable Shared Service Center which involved managing the billing activities, posting and application of payments and AR collection (approximately 25 individuals)
